PROFILE

Motivated individual passionate about technology and continuous learning. Eager to contribute to innovative projects, solve real-world challenges, and grow professionally in a dynamic and collaborative environment.

EDUCATION

Master of Engineering (Computer Science and Engineering)

National Engineering College, Kovilpatti

2025 – 2027 (Pursuing) GPA : 8.38

Bachelor of Computer Science and Engineering

University College of Engineering Nagercoil (UCEN)

2020 – 2024

CGPA: 7.79 (First Class)

Higher Secondary Certificate (HSC)

2020 – 77%

Secondary School Leaving Certificate (SSLC)

2018 – 87%

SKILLS

Technical Skills:

Programming Languages: Python, Java, SQL

Web Technologies: HTML, CSS

Tools: VS Code, Jupyter Notebook

Areas of Interest: Data Analytics, Machine Learning, Deep Learning, Web Development

Soft Skills: Problem Solving, Adaptability, Time Management, Team Collaboration

PROJECTS & INTERNSHIPS

Intelligent Nutrition and Fitness Goal Optimization Using Machine Learning

Developed a machine learning-based system to predict obesity levels and support personalized health management. Analyzed health, dietary, and physical activity data to generate data-driven nutrition and fitness recommendations. Improved decision-making for healthy lifestyle planning by integrating predictive analytics and personalized goal optimization.

Early Detection of Diabetic Retinopathy Using Deep Learning Techniques

Developed a deep learning-based system for the early detection of retinal abnormalities from fundus images. Implemented a hybrid architecture combining Swin Transformer and Attention U-Net for feature extraction and lesion localization. Enhanced early-stage disease detection by generating accurate and interpretable lesion maps to support automated medical diagnosis.

Simplified and Efficient College Management System

Developed a system to manage academic and administrative activities for students, faculty, HODs, and parents. Improved record management and communication efficiency.

AKINFOPARK Technologies

Developed Android applications using Java and Android Studio. Designed user-friendly mobile application interfaces. Gained practical experience in mobile app development and testing.

Technologies: Java, Android Studio, XML.

CERTIFICATION

Introduction to Industry 4.0 and Industrial Internet of Things (IIoT) – NPTEL (Elite - 70%)
